EMINENCE EDUCATION FOUNDATION INC.

The Eminence Education Foundation is an independent not-for-profit 501(c) 3 organization whose purpose is to help the Eminence Independent School teachers and students excel in programs that are not funded by public tax revenues. Led by a volunteer Board of Directors made up of business, education and community leaders, the Foundation has invested in public education since its inception in 1991.

Serving Students

In a small, rural school district, the needs of students are diverse. The Eminence Education Foundation assists in the funding of projects and programs that are not paid for with tax dollars by helping to bring community resources to the schools, students and teachers.

The Foundation supports the school district and positively influences students every year through a variety of opportunities including grants and scholarships.

Serving Teachers

Supporting teachers and staff is critical to helping students achieve academic success. The task of helping can be daunting without help from the community. Grant opportunities are available to teachers to help them enhance the current curriculum.

The Foundation also plays a critical part in welcoming students, parents and the community by collaborating with the Eminence Independent Schools, Eminence Family Resource and Youth Service Center (FRYSC) and local businesses to provide information about the opportunities available through the Eminence Education Foundation, Inc. The Superintendent and the school principals are an integral part of our planning process.

Special Events

The foundation has one major fund raising event each year with a Dinner and Silent Auction.

Local merchants

donate items for the silent auction and bids are received throughout the evening. To purchase tickets, call 502.845.4788.

Scholarships and Grants

Providing student scholarship winners with hope and something to strive towards, a post-secondary education. Awarding classroom grants to teachers for curriculum enhancement and school grants to principals for school-wide initiatives.

"I received a \$500.00 one time scholarship from the Education Foundation. To some people \$500.00 may not be a lot, but to a college student every little bit helps and it paid for my books for the first semester. "

**Craig Meadows,
Scholarship Recipient**
