

Mission Statement

Our main objective here at the Warrior Activity Center is to provide a safe and healthy atmosphere for the people of this community. We wish to create and implement programs that will get the youth, adults and families involved. With all the great things going on in the facility, we still strive to reach out to more members of the community to let them know who we are.

From the programs of today to the programs of tomorrow, the future certainly looks bright for the Warrior Activity Center.

After School Programs

Eminence Independent schools provides an after school program for the elementary and middle school students. The first after school program is the Homework Zone and meets from 3:00 p.m. to 4:00 p.m. The students work on any homework from that day with our certified staff members. The second after school program is Sports Club.

Sports Club meets from 4:00p.m. to 5:00 p.m. and is the reward and physical fitness requirement of our program.

Program goals:

- Improve academic achievement.
- Increase overall physical fitness.
- Reduce negative student behavior.
- Increase program to serve up to 100 students.

Throughout the school year we will take three fields trips that recognize achievements from our program goals. We're looking forward to another great year in our after school program and we are excited about making a difference in our student's lives.
